

# NEVER A DAY

By: The Hedgerow Folk

## Verse 1

D D/C# D/B D/A G A D  
I was woven together in the depths of the earth before the beginning of time  
D D/C# D/B D/A G A D  
You saw me unformed just a thought in the void and under your breath whispered mine

## Verse 2

You gave me your word that wherever I wander I'd never be walking alone  
But I'm scared of the dark and I'm scared of my heart and I'm scared of the wild unknown

## Chorus 1

D A D  
But You speak a little bit deeper  
G A  
Give a little more sight to my eyes  
D D/C# D/B A  
And I hear you whispering spirit to spirit  
G A D  
Remember I'm right by your side

## Verse 3

There was never a day I remember where I didn't hear a voice telling me lies  
About how I'm unworthy and so undeserving to think of myself as your child

## Bridge

Em G D  
So I'll go chasing down my fears just to see how far they'll go  
Em G D  
Like you went chasing down every curse in me just to carry it to the cross  
Em G D  
The promise that you're near me Lord has been proven by your love  
Em G D  
And the word made flesh has overcome

## Chorus 2

There was love in every word from your lips  
And grace in your very last breath  
You lived here to show me how to live without fear  
But you died, Lord, to put it to death
